

CLEAN WATER & FOOD SECURITY INITIATIVE

DISTRICT 6450 FALL TRAINING 2017

GOVERNOR MCADAM'S CALL TO ACTION

THE POWER OF CLEAN WATER

Providing Clean Water

- \$24 is all it takes to provide one person with safe water
- 23 mil people now have safe water because of Rotary
- 21 mil people have access to sanitation and hygiene thanks to Rotary projects
- 2030 is the year Rotary hopes to finish providing everyone with safe water, sanitation, and hygiene

BREAKING THE CYCLE OF POVERTY

- \$9.2 mil- the amount The Rotary Foundation has spent to grow local economies and reduce poverty last year
- 795 mil people — or 1 in 9 people in the world — do not have enough to eat
- 60% of the world's hungry people are women and girls
- 70% of the world's poorest people live in rural areas and depend on agriculture and related activities for their livelihood

DISTRICT OFFERING MATCHING FUNDS INCENTIVES 2017-18

Going "Bateys" for Filters

By Bob Chagrasulis, Rotary Club of Farmington Maine USA RD 7790

In the eastern Dominican Republic, sugar cane cutters and their families, largely Haitian immigrants, live in very primitive conditions and have many health concerns, including prevalent waterborne illnesses. A recent Global Grant from Rotary International sponsored the purchase of 1560 Kohler Clarity water filters to provide potable water and to launch a new not for profit business to continue this WASH initiative in these communities.

In March 2017 a team of US Rotarians travelled to the Dominican Republic to begin implementation of work approved in the Rotary Global Grant to provide Kohler CLARITY water filters to residents of "bateys" – sugar cane villages. This was the first use of the new filter in the Dominican Republic, a grant funded program that will provide an initial 1560 filters to sugar cane cutters and their families. Cleaning the Rivers of the World - October 21-22

Salvador Rico, of the Rotary Club of South Ukiah (California), District 5130, has been spearheading a campaign to clean-up the rivers of the world. Rivers are the source of drinking water for hundreds of millions of people. Check out their [Facebook Page](#) and [website](#).

This project started four years ago, when his Rotary Club teamed up with clubs in District 4140 to clean-up the Ameca River in Mexico. This year over 1,000 people are anticipated to be involved in this annual clean-up event.

On October 21-22, Rotary clubs around the world (e.g. India, Venezuela, Mexico, Turkey, Columbia, Ecuador and U.S.) will be involved in river clean-up projects.

WASRAG is excited about this project and will be sending out details shortly on how your club can take part in a river clean-up project on or around World Water Day (March 22, 2018).

Global Handwashing Day - October 15

This global day of advocacy is dedicated to increasing awareness and understanding of the importance of handwashing with soap as an effective and affordable way to prevent diseases and save lives.

The theme for this year is "our hands, our future!" Excellent resources to help plan events in your area are available at GlobalHandwashingDay.org

WASH in Schools (WinS)

The very successful Adopt-A-School Program continues in the Niger Delta. This is a partnership with Procter & Gamble, H2O for Life, WASRAG, local Rotary Clubs and international supporting Rotary Clubs.

The program is currently seeking funding for five schools. A club can fund the whole project by providing \$5,700 - \$7,000, or multiple clubs can contribute \$500 - \$2,500 and jointly fund a project.
