Global Grants – District 6450

- The Rotary Foundation requires a partnership between at least two clubs in different countries – the Host Club and the International Club. The Host Club is where the project is done. Often our clubs are the International Club in a grant.
- Our District requires a sponsoring club to have at least two other District clubs participate in the Global Grant in some way, including financially, and three other clubs if the budget is over \$100,000.
- Work with the Grants Committee for preparation and approval of the grant before it is locked and submitted to the Rotary Foundation.
- Use the District Global Grants Checklist as a guide.

Areas of focus

- Peace and conflict prevention/resolution
- Disease prevention and treatment
- Water and sanitation
- Maternal and child health
- Basic education and literacy
- Economic and community development

Sustainability

Sustainability means providing long-term solutions to community needs that the beneficiaries can maintain after grant funding ends.

It is achieved through several steps in the process.

Rotarian Involvement

- Make sure Rotarians in each Club are actively participating in some manner
- Provide a detailed list of tasks for host club and international club Rotarians
